HENRY FISHER FAMILY OF KENTUCKY

(Explanation: Names preceded by * are later the subject of a separate paragraph giving more details concerning marriage, children, etc.)

The first known and identified ancestor of this FISHER line is HENRY FISHER, who is of record first in Madison County, Kentucky. The Madison County, Kentucky tax records in Frankfort, Kentucky, show him in that county in 1796 with one white tithe over 21. He continues in the tax records there until 1813, when he drops out, and in 1814 he appears in Estill County, Kentucky tax records. He continues in Estill County Tax records until 1827 when his name is dropped to appear again in 1834. In 1817 a HENRY FISHER, JR. appears in the Estill County tax records and HENRY FISHER, SENIOR and JUNIOR appear in those records until both drop out in 1827. A HENRY FISHER is shown in Clark County, Kentucky tax records in 1829 only.

(1) HENRY FISHER got a certificate for 80 acres on Drowning Creek, Madison County, Kentucky, January 2, 1802, lying between THOMAS line, FISHER RICE'S line and PAGE PROCTOR'S line. Order Book C, page 102. (FISHER RICE was a captain in the Revolutionary War and ELIAS FISHER'S pension application showed he served under him.)

The first census report we find of him is the Madison County, Kentucky census of 1810. In this report he is shown as being between 26 and 45; his wife the same. The following children are registered:

- 3 Males less than 10 years old.
- 2 Males between 10 and 16.
- 1 Female less than 10 years.
- 1 Female between 10 and 16.

In the 1840 Census of Buchanan Co. Mo. he appears at p157 in Flat Rock Township with 1 male 15 to 20; 1 male 70 to 80; and 1 female 60 to 70.

The dates of his birth and death are unknown. Computing from the 1810 census figures, he was born between 1765 and 1784. From the date of the birth of his son, JOHN FISHER, January 24, 1794, the probable date of his birth would be set at about 1770. Family tradition had it that he lived to be over 100 years old, and that he was of German descent.

In Estill County, Kentucky, Deed Book C, page 112, HENRY FISHER acquired 54 acres on Station Camp Creek, March 30, 1824. Whether this was HENRY, SR. or HENRY, JR., is unknown. The records subsequent to that date have been searched in vain in an effort to find in what manner the property was deeded by HENRY FISHER, or whether it was sold for taxes.

The Compiler has believed this HENRY FISHER was from the line of LOUIS (LUDWIG) FISHER who died in Culpeper County, Virginia in 1773. Although there is a fairly complete list of such descendants, there is no known, authentic list of his children who were minors at the time of his death. The GARR GENEALOGY by JOHN CALHOUN GARR is the best known authority, yet it covers only part of the lines.

From a splendid grandson of HENRY FISHER (WILLIAM A. FISHER, No. 27) the Compiler obtained in 1931 three pencil memoranda written while his mother yet lived. These constituted the sole inspiration for the work undertaken. This is submitted in a more or less incomplete and tentative form in the hope that some reader may chance upon it and be able to supply more complete data,

2.
sufficient to enable some one to carry the record back to earlier ancestors and forward to a more complete list of living descendants.

The memoranda state that HENRY FISHER married SARAH (SALLY) REYNOLDS of Madison County, Kentucky. No date is given, and thus far we have found no record of such a marriage in Madison County, Kentucky. The fact that many FISHERS came from Madison County, Virginia and that Madison County, Kentucky was formerly part of Virginia may have confused some. There is the further fact that JOHN FISHER, son of HENRY FISHER, in the census reports of 1850 and 1860 showed his state of birth as Virginia. Madison County, Kentucky was formed in 1785 and was in the state of Virginia until June 1, 1792, and Madison County, Virginia was formed from Culpeper County, 1792. The further fact that JOHN FISHER was born in 1794, or after Kentucky was separated from Virginia, and that our first record of HENRY FISHER in Madison County, Kentucky was in 1796, lends strength to that belief.

(1) HENRY FISHER and SARAH (SALLY) REYNOLDS FISHER had:

- *2. JOHN FISHER, born in Virginia, Jan. 24, 1794; died May 31, 1865.

(2) JOHN FISHER, born in Virginia, January 24, 1794; died in Indiana, May 31, 1865. He married SARAH (SALLY) DAUGHMETEE in Estill County, Kentucky, November 20, 1819. The ceremony was performed by THOMAS WHITE. She was born February 15, 1801; died July 26, 1886 in Clay County, Indiana. She was the daughter of JOHN DAUGHMETEE who died and left a will in Estill County, Kentucky in 1820.

JOHN FISHER appears in the tax records of Estill County from 1814 to 1836 inclusive. He appears in the 1840 census in Estill County, Kentucky. In the 1850 census he was residing in Clark County, Kentucky, district No. 1. This return was made August 12, 1850, house and family No. 185. In 1931 the compiler visited Clark County and located the old FISHER FAMILY home. It was a story and a half house, weatherboarded over the original log structure. A snap shot of it was taken. It was occupied by a large family.

This land was sold by JOHN FISHER February 11, 1855, and we next find him in the 1860 census in Clay County, Indiana, Cass Township, Poland, P. O. These returns were made June 2, 1860, House 28, Family 26.

He was reported as a physician, and elderly people interviewed by the compiler in Clark County, Kentucky in 1931 recalled his ministrations in their

childhood days. Also, he was an itinerant preacher.

He died in Clay County, Indiana, May 31, 1865; his widow survived him and died there July 26, 1886.

The Compiler saw his great grandmother when he was but a small child and his older brother and sister vividly recall the visit to our Illinois home. She was a very fine old lady, immaculate in her dress, and most careful in her conversation. She was very proud of her ancestry and ceaseless in her praises of her father and his family.

In the 1870 census he was in the same county in Lyon Township, House 401, Family 394. *In the 1880 Census he was in the same township, age 71; his wife 65.*

He was listed in the tax list of Estill County, Kentucky in 1829, but not thereafter. His son, still living in 1933, stated his parents moved to Missouri from Kentucky in 1828.
